## 5. What are some of the key terms and conditions that I should be aware of?

- Under-insurance clause will apply if your vehicle is under-insured for more than 10% of the market value at the time of loss. Therefore, it is important that you ensure that your vehicle is insured at an adequate market value to avoid under- or over-insurance.
- You have to bear the excess and the compulsory excess for loss or damage to your vehicle:
  - Excess is the first amount that you have to bear yourself for each and every claim arising out of one incident that we have approved. Please check your policy schedule to find out the excess amount that you are liable to pay for.
  - Compulsory excess is another RM400 in addition to the excess in your schedule that you have to bear yourself for each and every claim arising out of one incident that we have approved. However, it does not apply to loss or damage caused by fire, explosion, lightning, burglary, housebreaking, theft or attempted theft. The compulsory excess will be applied if you or the person driving your vehicle:
    - is under 21 years old; or
    - holds a Provisional (P) or Learner (L) driver's licence.
- Betterment shall apply if new original parts are used to repair your vehicle (for vehicle aged 5 years and above) which leads to your vehicle being in a better condition than it was before the damage. You would be required to contribute to its betterment a proportion of the costs of such new original parts.
- If you have insured your vehicle for a continuous period of 12 months and you or anyone else did not make any claim under this policy during that time, a NCD will be applied at each renewal. The applicable NCD will increase with each renewal if you continue to have claim free years. If you or anybody else meets with an incident which will give rise to a claim on this policy, the NCD entitlement that you have accumulated would drop to zero at the next renewal and your NCD will start all over again.

## 6. What is the importance of disclosure that I should be aware of?

### Consumer Insurance Contract

Where you have applied for this insurance wholly for purposes unrelated to your trade, business or profession, you had a duty to take reasonable care not to make a misrepresentation in answering the questions in the Proposal Form (or when you applied for this insurance) e.g. you should have answered the questions fully and accurately. Failure to have taken reasonable care in answering the questions may result in avoidance of your contract of insurance, refusal or reduction of your claim(s), change of terms or termination of your contract of insurance in accordance with Schedule 9 of the Financial Services Act 2013. You were also required to disclose any other matter that you knew to be relevant to our decision in accepting the risks and determining the rates and terms to be applied.

You also have a duty to tell us immediately if at any time after your contract of insurance has been entered into, varied or renewed with us, any of the information given in the Proposal Form (or when you applied for this insurance) is inaccurate or has changed.

### Non-Consumer Insurance Contract

Where you have applied for this insurance for purposes related to your trade, business or profession, you had a duty to disclose any matter that you knew to be relevant to our decision in accepting the risks and determining the rates and terms to be applied, and any matter a reasonable person in the circumstances could be expected to know to be relevant, otherwise it may result in avoidance of your contract of insurance, refusal or reduction of your claim(s), change of terms or termination of your contract of insurance.

You also have a duty to tell us immediately if at any time after your contract of insurance has been entered into, varied or renewed with us, any of the information given in the Proposal Form (or when you applied for this insurance) is inaccurate or has changed.

## 7. At what value should I insure my vehicle?

You need to insure your vehicle based on the market value of your vehicle at the point you apply for this motor insurance policy. This value will be the "sum insured" of your vehicle in your motor policy.

## 8. Why should I choose your recommended sum insured as the policy sum insured?

The recommended sum insured is derived from an approved Market Valuation System and it is used as a guide to recommend your vehicle's sum insured when you purchase this insurance.

## 9. What is an "Agreed Value" Policy?

In the event of total loss or theft, the maximum amount that we will pay is up to the sum insured as shown in the policy schedule.

## 10. What is a “Market Value” Policy?

In the event of total loss or theft, the maximum amount that we will pay is up to the market value of the vehicle which will be determined at the time of loss or the sum insured as shown in the policy schedule; whichever is lesser.

It is important to insure your vehicle with the appropriate market value. Below are the effects of over-insurance and under-insurance when an incident happens and giving rise to a claim:

- Over-insurance: When a claim arises, the maximum amount that we will pay you is up to the market value of your vehicle even if your vehicle’s sum insured is higher than the market value.
- Under-insurance: When a claim arises, we will only bear part of the loss in proportion to the difference between the market value and the sum insured. The balance has to be borne by you if the under-insured amount is more than 10% of the market value.

## 11. What are the major exclusions under this policy?

This policy does not cover certain losses, such as:

- you or your authorised driver is under influence of any alcohol or intoxicating liquor, narcotics, dangerous drug or any deleterious drugs or intoxicating substance to such an extent as to be incapable of having proper control of your vehicle
- your vehicle was being used:

- loss, damage or liability caused by an unauthorised driver
