

# CLAIMS BULLETIN

## 2<sup>ND</sup> EDITION 2025

**Which is better in insuring your vehicle value?**

In case of total loss, the payout will match this agreed value, eliminating the risk of under-insuring or over-insuring.

**Market value** reflects the vehicle's worth at the time.

As the car's value depreciates over months, there's a risk of under-insuring.

**Make an informed decision for peace of mind. Call our hotline and press #2 for sales inquiries.**
